YOUR SHETLAND ADVENTURE BEGINS

We'd like to offer a very warm welcome to this very beautiful corner of the world! Camping or caravanning are excellent ways to enjoy all that Shetland has to offer.

Whether you're using a tent, caravan or motorhome, sites across the islands give you the freedom to explore at your own pace. We're sure you'll be impressed by our landscapes, seascapes, wildlife and heritage; but we hope you'll get to know us, too, and find out what's so special about our community.

This leaflet gives details of all the registered sites in Shetland, listed from north to south. We've also included lots of practical information to help you on your way; again, services and facilities are listed from north to south and are shown on the map.

We hope you have a great holiday!

The district of Delting has lots to keep you occupied with 10 miles of coastline, grassy cliffs, ancient lava rock, and the second largest puffin colony in the world. The coastal scenery and two beautiful beaches in Brae, including a leisure centre with sports and swimming pool, fitness, and social clubs. The peaceful site is well placed for discovering other islands and shelters. The site has a solid fuel stove and the majority have electricity and showers. If you’ve brought your own tent and don’t have electricity, try staying in a robin’s nest at Totney, a simple holiday at our seaside campsite.
